

This year, our Trinity Academy family will be studying the stark contrast between the walk of the flesh vs. the walk of the Christian. This study in Romans 8 in many ways is the crux of the bible with the dense, continual, and relentless reminder of the vastly superior Good News of Life in Jesus Christ.

This book calls into being the truth of the world's brokenness, while providing purpose and the ultimate salve to every Christian. It is a most beautiful cure for every heart that is ready to hear the Lord speak with powerful depth and kindness to all of His children; that is the truth of their nature and glorious purpose for His glory!
