

Dear Trinity Academy Families,

The vision of Trinity Academy stands firm and bold upon the foundation of Jesus Christ. The legacy of God's school is to be the students' devoted lives marked by compassion, integrity, and a continued longing for knowledge and God's wisdom as they bear Christ's image in the world. We are committed to be intentional in every subject and event the Lord allows us to implement. We do so by providing diverse opportunities for students to be engaged in meaningful activities that compliment their academic learning, social interaction, and witness for Christ.

Colossians 3:17; "And whatever you do, in word or deed, do everything in the name of the Lord Jesus, giving thanks to God the Father through Him."

The Archery program at Trinity Academy conforms to the priorities of Christlikeness, sportsmanship, safety, and competition. These priorities encourage growth in mind, body, and heart. Our Archery program currently partners with NASP (The National Archery in the Schools Program). NASP brings the sport of archery to millions of students in schools across the United States. Designed to teach international-style target archery in 4th-12th grades, the core content covers archery history, safety, technique, equipment, mental concentration, and personalized growth. The NASP archery curriculum is aligned to National Physical Education Standards and can be run safely in a school gymnasium. No prior archery experience is necessary for students.

Archery is a life-long sport that circumvents traditional barriers to engage students of all ages, physical abilities, and backgrounds. Nearly everyone can succeed at archery. Kids love archery, and archery helps kids excel.

Statistics show that school archery programs:

- Increase self-esteem
- Increase physical activity
- Relate to subject matter
- Contribute as a member of a team
- Learn sportsmanship
- Appeal to all students
- Get kids out-of-doors
- Can become an after-school activity

Safety is the most important priority. Target archery is widely accepted as a safe, wholesome, and noncontroversial discipline. The founders of NASP designed the program so young people everywhere, whether urban or rural, could learn archery skills and decide on their own how and where to apply those skills. Equipment used is state-of-the-art and a universal fit so every student can safely use the same bows and arrows.

In Christ,

Cody Stinnett
